

# The Town of North Hempstead

Is proud to present

## Crayola® Imagine Arts Academy Enrichment Programs

### WORLD OF DESIGN

## Think it! Draw it! Make it!

Take a journey to the farthest reaches of the imagination while learning about the rainforest, Mars, and a futuristic city! Use the design thinking process to solve real-world problems in these different environments. Experiment with Crayola products and many art techniques like sculpting, storyboarding, collage, and mixed media.

### PITCH YOUR PRODUCT

*Practical product design*

Anyone, at any age, can be a business entrepreneur! We're learning how to turn an idea into a retail product. Let's design and build a prototype of the perfect tool that everybody needs.

### COMIC BOOK HEROES

*Costume fashion design*

We're dressing up our very own superhero! Superheroes look their best when drawn in action poses, with faces that tell their story. We have superhero templates and fashion textiles to kick-start the ultimate comic book star!

### PICTURE PERFECT

*Movie Poster Design*

Hooray for Hollywood! We have been challenged to create a poster to promote a movie. We will learn the elements of graphic design to create exciting, eye-catching posters.

### MARS HABITAT

*Martian Habitat Design*

Our mission is to design a habitat for a Martian colony. We will explore architectural design to imagine a practical home for people living on Mars. Then, we'll sculpt our designs to create our own 3-D models.

### GAME ON!

*Board Game Design*

In this class, we will dive into board game design! Our mission is to create a board game that teaches players about the wonders of ocean life. We'll design the game board, cards and pieces, and then challenge each other to play!

### FUTUREVILLE

*Urban design*

We're designing a city of the future! How will we handle the traffic flow of all those who work and live in the city? Our mission is to create a pop-up vision of a future metropolis whose citizens get around safely on foot, on wheels, and in flight!

### UNIVERSAL TREEHOUSE

*Designing with universal accessibility in mind*

We're making the rainforest our home for a year! We'll be designing a treehouse where three scientists will live and work. The mission involves making our treehouse animal-proof and wheelchair accessible.

### WILD ANIMATION

*Animation Design*

Let's travel into the woods! We'll design a storyboard to spread the word about protecting this cool ecosystem! We'll also make a flipbook to see how film animators connect images to create moving pictures.

- Location:** Michael J. Tully Park  
New Hyde Park
- Details:** Saturdays at 11:45am to 12:45pm  
01/13/24 - 2/17/24 (6 weeks)  
Grades 2-5
- Cost:** \$160 (includes all materials and take-homes)
- Register:** [LongIsland.ImagineArtsAcademy.com](http://LongIsland.ImagineArtsAcademy.com)
